## Data Visualization Series

Instructors: Katie Kuiper, Keiko Bridwell, and Meagan Duever

This series of workshops will provide tutorials on data visualization, focusing on a variety of topics and software. These sessions are open to all and are intended for beginners, with no experience necessary! Attend an intro session, then choose the others that best fit your research agenda. Sessions are held on Wednesdays at 4 via Zoom.

Sep. 22	Introduction to R
Sep. 29	Introduction to ggplot2
Oct. 6	Advanced ggplot2
Oct. 13	Introduction to network analysis
Oct. 20	Network analysis in Cytoscape
Oct. 27	Mapping geographical data

WEDNESDAYS • 4:00 • ZOOM
